SPECIAL EVENT FACILITY		Issued

My husband and I purchased this parcel 32962011 0 and upon submitting for building permits with Canyon County we have been notified that the Boise Water District and a secondary parcel access their parcels through a prescriptive easement at the corner of our property, on a very well established and maintained road by Boise Water District (that they've been utilizing for their trucks for 100+ years.). We are being required to establish this section of road as a private lane by Canyon County and according to our assigned planner Dane Adams at the 2C Development Services the final thing we need for private road approval is fire department sign off. He said there isn't a formal document, it can be as simple as an email or their own		Issued
County Road Construction Approval		Issued
Residential Access and Water Supply Permit Application		Issued
