## What's a Silent Disco? So glad you asked!

A silent disco is a unique event where participants dance to music played through wireless headphones instead of traditional speakers. Each attendee receives a pair of headphones and can toggle between two DJs, each playing different genres while they dance. It's an innovative and unforgettable party experience for people of all ages! Here on the Plaza, we put our own spin on this fun idea, and you get to ice skate while listening to your favorite songs.

Not comfortable on the ice? Feel free to hangout on stage with the DJs, visit our stage bar, and dance the night away.

### 4 LIVE DJs | 1 EPIC NIGHT

#### Session 1 | 5-7pm | Jump back and forth between:

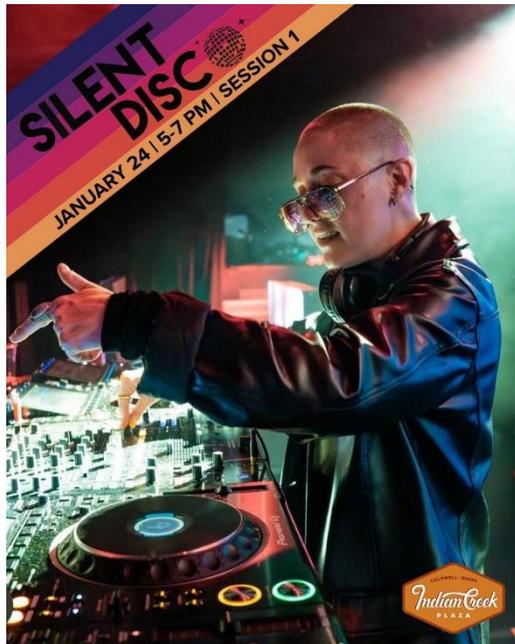

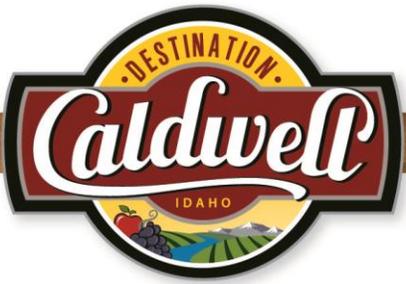

**DJ JILLY.FM** always brings her love for the groove, soulful house, and worldly rhythms to the stage. She aims for you to share an unforgettable experience with yourself and others on the dance floor (or on the ice, in this case!)

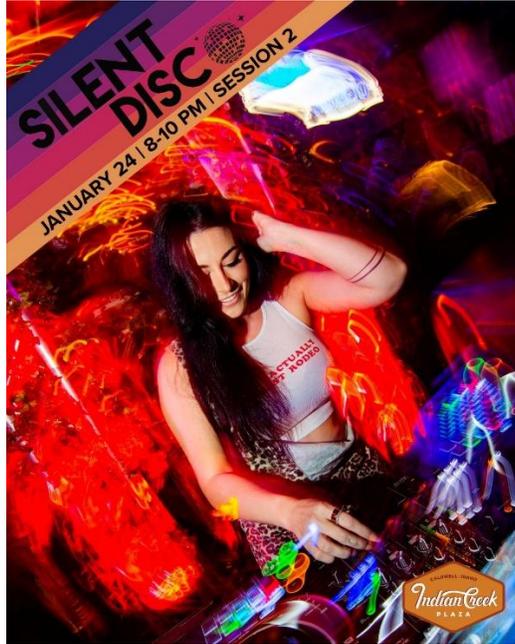

**DJ MAKE BELIEVE** blends house, disco, funk, and soulful grooves into journeys made for movement and connection. Each set is guided by instinct — reading the room, elevating the mood, and turning moments into memories. He'll get you up off your feet and onto the ice!

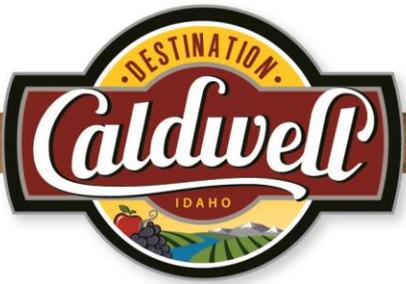

#### Session 2 | 8-10pm | Jump back and forth between:

**DJ ERIC RHODES** takes different genres of music - any era - to create a unique mash-up that'll keep the party going all night long! Country with modern pop? 90's punk with 70's funk? He brings the magic and gets you dancing!

**DJ POETIC** transforms any event into a night you won't forget! She brings upbeat dance music with funky grooves and familiar songs to sing along to. Her perfect fusion of fun, bouncy beats hits every time, so plan on staying on your feet (and in your skates!)
