

CONSTRUCTION UPDATE

Kimball Bridge Update

Pile driving was completed on the north side of the bridge. The contractor will begin forming the new bridge wall on the north side.

Later this week, crews will begin to excavate the south side of the bridge and prepare the area for additional pile driving in mid-September. Blaine Street has been reopened to two lanes.

On Monday, August 24, the contractor will be placing concrete guardrail along Blaine at Kimball to protect the work zone from the traveling public.

- **Blaine Street will be temporarily reduced to one lane from 9 a.m. to 2 p.m.** while the equipment is placing the guardrail.
- Once the guardrail is placed, Blaine Street will be back open to two lanes.

The Kimball Bridge Project is expected to wrap up late 2026.

Kimball Mini Plaza + Alleyway Update

The alleyway project is underway and fencing was placed on Friday to create the work zone from 9th Avenue to Kimball.

Work this week includes removing the existing pavement and digging up the old material. Crews will focus on the section between 9th Avenue and Kimball Street until mid-September.

The Kimball Mini Plaza and Alleyway project is expected to be completely wrapped up by November.

Support Local Businesses!

JANITZIO MEXICAN RESTAURANT

Craving authentic Mexican cuisine? Visit Janitzio Mexican Restaurant in Downtown Caldwell and enjoy flavorful, freshly prepared dishes made with traditional recipes in a warm and welcoming atmosphere.

Whether you're meeting friends for lunch or gathering with family for dinner, Janitzio is a local favorite that's sure to satisfy.

SAFETY REMINDER

The Kimball Bridge is fully closed. Please do not enter the work zone.

There is active construction equipment in the area and closures are in place to help keep everyone safe.

THANK YOU!
