

Construction Update

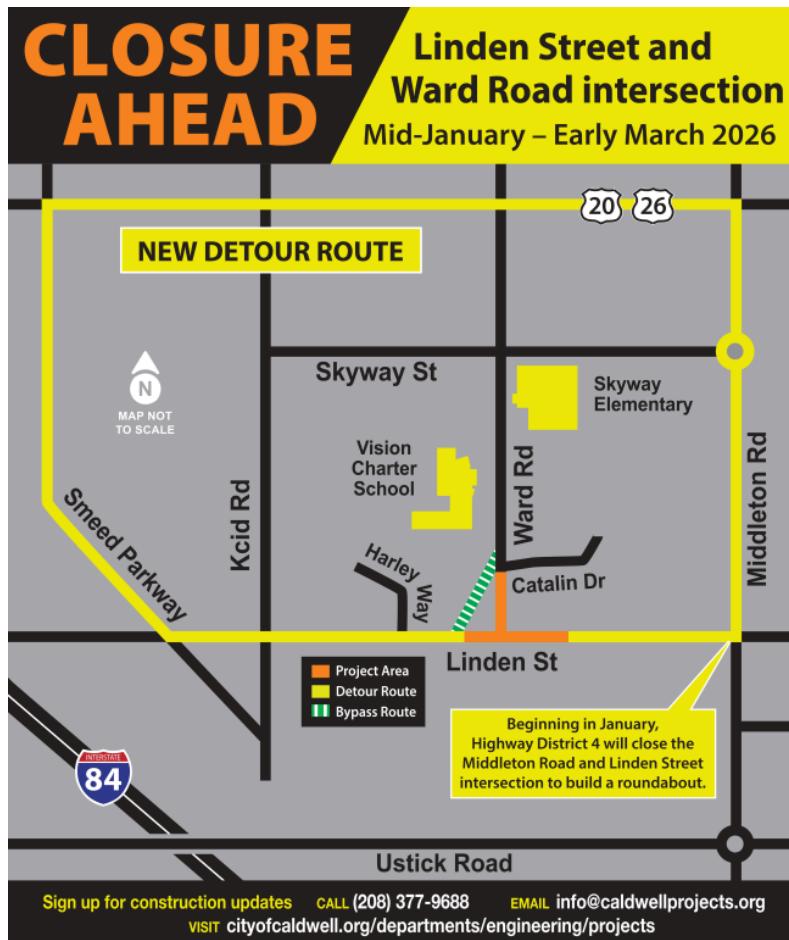

Linden and Ward
Roundabout

Linden & Ward Intersection Closed

The City of Caldwell has closed the Linden Street and Ward Road intersection and started roundabout construction. Construction is expected to be completed spring 2026.

Current work:

- Crews have started digging out the roadway.
- Utility work is ongoing around the intersection.
- Crews will begin paving the bypass lane on the west side of the intersection this week.
- The bypass is expected to be complete by Friday, January 23 and **opened to the public by Monday morning, January 26**. Subject to change.
- Once the bypass is open, it will allow:
 - Eastbound traffic on Linden St. to travel **north** on Ward Rd.
 - Southbound traffic on Ward Rd. to travel **west** on Linden St.
 - Access to and from the **east will not be available**.

What to expect during construction:

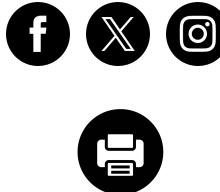

- The Linden Street and Ward Road intersection will close in phases.
- A temporary bypass road will connect Linden Street west of the intersection to Ward Road.
- Catalin Drive and Harley Way will remain open.
- Motorists will be detoured. [Click here to view detour maps.](#)
- Access to schools will remain open from the south (only via the west leg of Linden) for most of the project. Access through the Linden/Ward intersection will only be restricted for a short period of time.

Construction updates will continue throughout the project. Stay tuned for more details!
