

NEWS RELEASE
Traffic Report

July 29, 2019
FOR IMMEDIATE RELEASE

On July 29 until September 27, construction will begin on the Indian Creek Pathway Extension to the Greenbelt. Hawkeye Builders will be widening the existing sidewalk from five feet to eight feet, on the north side of Blaine Street from 2nd Avenue to 5th Avenue, and on the west side of 4th Avenue from Blaine Street to Arthur Street. They will also be installing new ADA pedestrian ramps at the intersection of 5th Avenue and Arthur Street. During the project there will be through traffic on all streets, but lane narrowing and lane closures will occur. Pedestrian traffic will be rerouted around the construction areas as needed. Information signs will be posted and flaggers will direct traffic when necessary.
