**PRESS RELEASE****Date: 8/14/19**

---

**FOR IMMEDIATE RELEASE**

The City of Caldwell is excited to announce the addition of the new Communications Specialist to our team! Chelsea Wilson brings experience from the political arena that includes policy research and analysis, lobbying, campaign work, and social media management. She began her career working on campaigns for the state of California, where she played an integral role in communications with multiple candidates during the 2018 statewide elections. Shortly thereafter, she moved to Idaho where she worked for a local lobbying firm during the 2019 Legislative session. There she expanded her legislative network while researching and lobbying for a wide array of topics, such as taxation, healthcare and municipal issues.

As the City of Caldwell continues to grow and expand its opportunities for new and current residents, its need for keeping residents well informed has become increasingly urgent. Chelsea will work directly with Mayor Nancolas, City Council members, press, and other city officials to insure that information pertaining to the public is accurate and easily accessible. She will also work with the state legislature to ensure Caldwell's unique needs are addressed.

Caldwell is an exciting hub of activity, from family events at Indian Creek Plaza to the upcoming Caldwell Night Rodeo, and we are eager to welcome Chelsea to the team!

She can be reached at: [cwilson@cityofcaldwell.org](mailto:cwilson@cityofcaldwell.org).
