Sunset Landing

Project Narrative

Sunset Landing is a proposed multi-family development near the corner of Logan Street and S. Kimball Avenue in Caldwell, Idaho. The proposed project consists of 76 units on approximately 4.07 acres within the city's hospital district. The development is designed to cater to the needed housing to support West Valley Medical Center as well as the shortage of affordable housing within city limits for professionals and families. With proximity to employment and amenities, the development will afford residents a high degree of walk-ability to help reduce traffic as well as provide convenience. The project design has a mix of 4, 8 and 12 unit buildings with walking paths, open space and recreation areas for the community. Unit configurations will likely range from 1 to 3 bedrooms with most being 2 bedroom, 2 bath, and the project affords sufficient parking within the complex to support the residents. Sunset Avenue provides excellent access to the project both to the north and south for ingress and egress, which also relieves further pressure on Kimball as there is no access to Kimball required. Sunset Landing is a perfect fit for the needs of the community and nicely fills a community need for well planned residential development.
