BE IT HEREBY RESOLVED by the Mayor and Council of the City of Caldwell, Idaho, that the Caldwell City Council has approved the amendments and revisions made to the City of Caldwell Records Policy as outlined on pages 6 – 7, and 14 – 16, referencing requests for copyrighted materials, and retention and destruction of historical and permanent City records, made a part hereof as set forth in full.

PASSED BY THE COUNCIL of the City of Caldwell, Idaho this 6th day of June, 2016.

APPROVED BY THE MAYOR of the City of Caldwell, Idaho this 6th day of June, 2016.

APPROVED:

Mayor Garret L. Nancolas

ATTEST:

Debbie Geyer, City Clerk
DISCLOSURE OF CITY RECORDS

I

Policy Statement

All records maintained by the City of Caldwell are open to the public for inspection and copying at all reasonable times, unless the information is exempt from disclosure by law.

II

Definition of City Records

A City record includes but is not limited to any writing containing information relating to the conduct or administration of the City’s business prepared, owned, used or retained by the City, regardless of physical form or characteristics. I.C. §74-101(13).

III

Writing Defined

A writing includes but is not limited to, handwriting, typewriting, printing, photostating, photographing and every means of recording, including letters, emails, words, pictures, sounds or symbols, or a combination thereof, and all papers, maps, magnetic or paper tapes, photographic films and prints, magnetic or punch cards, discs, drums or other documents. I.C. §74-101(16).

IV

City Records Declared Public Property

All City records as defined hereinabove are hereby declared to be the property of the City of Caldwell. No City official or employee has, by virtue of his or her position, any personal or property right to such records even though he or she may have developed or compiled them. The unauthorized destruction, removal from files, or private use of such records is prohibited. I.C. §50-908.
V

Records Custodian Defined

Custodian means the Department Head who has personal custody and control of the City records in question. The City Clerk shall be responsible for the management and control all City records. All City Department Heads are responsible for the implementation and operation of effective file operations, records transfers and dispositions, and other activities in accordance with the provisions of this policy within their areas of responsibility. At the option of the Department Head, he/she may designate Record Coordinators within their department(s) and provide the City Clerk with the names of such designees.

VI

City Records Exempt from Disclosure

The City of Caldwell hereby adopts I.C. §74-124, I.C.§§ 74-104 through 74-111 as a list of City records that are exempt from disclosure. Of particular note regarding the dissemination of personnel information, the employment history, classification, pay grade and step, longevity, gross salary and salary history, status, workplace and employing agency of any current or former employee are required to be disclosed to any person who requests the information. However, all other information relating to an employee or applicant, such as home address and phone numbers shall not be disclosed to the public without the written consent of the employee, applicant, or authorized representative. [Appendix A]

VII

Records Containing both Exempt and Non-exempt Material

The Custodian is responsible for separating the exempt from the non-exempt information and supplying the records that are not exempt. The custodian shall not deny access to City records based upon the fact that the City records contain both exempt and non-exempt records. I.C. § 74-112.

If a designated custodian determines that a City record contains both exempt and non-exempt records, the request shall be forwarded to the City Clerk, who, upon advice of counsel, shall segregate the exempt from the non-exempt records, and the non-exempt records shall then be disclosed to the person making the request. I.C. § 74-112.

VIII

Policy for Requesting Public Records

A request for public records must contain the requester’s name, mailing address, e-mail address, and telephone number. Requests and delivery may also be made by electronic mail. (Note: The public records request form is available on the City of Caldwell’s website under the City Clerk page as well as an electronic submittal option.) [Appendix B]. If the request is for
copyrighted material, a separate request form must be submitted in order to obtain the materials [Appendix B-1].

The custodian shall make no inquiry of any person who applies for a public record, except to verify the identity of a person requesting a record in accordance with section 74-113, Idaho Code, to ensure that the requested record or information will not be used for purposes of a mailing or telephone list prohibited by section 74-120, Idaho Code, or as otherwise provided by law, and except as required for purposes of protecting personal information from disclosure under chapter 2, title 49, Idaho Code, and federal law. I.C. § 74-102(5)

It is the policy of the City of Caldwell to provide access to and copies of non-exempt records upon written request. Examination of records should be done during normal working hours, unless the custodian authorizes otherwise. A certified copy, if feasible to produce or required by law, must be provided by the City Clerk or other custodian upon written request as provided in Section IX hereinafter.

It is permissible to explain what records are available and to help identify records that are desired. It is also permissible to allow the person to examine non-exempt files in order to select the specific records needed. The Records Custodian(s) must maintain vigilance to see that records are not altered or destroyed. The custodian is prohibited from asking to examine any copy, photograph or notes in the possession of the person seeking the City records, unless such person offers the examination.

The Records Custodian shall extend to the requesting person, all reasonable comfort and facility for the full exercise of the person’s right to inspect City records.

A Request for Records must be granted or denied within three (3) working days of the date of the receipt of the Request for Examination of copying. If it is determined that a longer period of time is needed to locate or retrieve the public records, the City shall notify in writing the person requesting to examine the public records and shall provide the public records to the person no later than ten (10) working days following the person’s request. If the Records Custodian fails to respond, the request shall be deemed to be denied within ten (10) working days following the receipt of the request. A suggested form to be used by the Custodian to advise the requesting person of the need for a longer period of time and the payment of estimated fees is contained in [Appendix C].

IX

Inspection, Copies of City Records, and Fees

A custodian shall, upon the request and demand of a person, permit such requesting person to inspect such City records under the supervision and such reasonable rules and regulations as may be prescribed by the Custodian having custody of such City records. Department Heads, or their designees, shall be the custodians of all City records within their respective departments. At no time shall such Custodian authorize a person to remove such requested City record from the immediate presence of the Custodian or his/her designee. Requests for copying or inspection of City records shall be processed in a manner consistent with the provisions of Idaho Code §74-102. The City of Caldwell has established the following procedure in determining the fulfillment of such public record requests:
1) Except for fees that are authorized or prescribed under other provisions of Idaho law, **NO FEE** may be charged for the first one hundred (100) pages or the first two (2) hours of labor in responding to any public records request.

2) City staff may provide the requestor information to assist the requestor to narrow the scope of the request or make the request more specific when the response to the request is likely to be voluminous or require payment.

The following provisions (as indicated in 2011 amendments made to I.C. Sections §74-101 and §74-102) will only be undertaken under advisement of the City Clerk and City Attorney:

1. Fee waivers should only be granted for requests that are likely to contribute significantly to the public’s understanding of the operations and activities of the government, are not primarily in the individual interest of the requestor including, but not limited to, the requestor’s interest in litigation, and will not occur if fees are charged because the requestor has insufficient financial resources to pay such fees.

2. Fees shall not exceed reasonable labor costs necessarily incurred in responding to a request.

3. Itemized fee statements must be provided to the requestor from the City when applicable.
   a. The request is for more than 100 pages of paper records; or
   b. The request includes records from which non-public (exempt) information must be deleted; or
   c. The actual labor associated with locating and copying documents for a request exceeds two person hours. I.C. §74-102 (8) (a).

4. The City may require advance fee payment, and should notify the requestor that he or she may be required to pay additional fees or may receive a refund. Sales tax shall be assessed and collected on all copying fees, and the City will provide receipts to all customers.

5. Requesters may not file multiple public records requests in order to avoid paying fees.

**Other Fees Associated with Public Records:**

1. The City of Caldwell will charge a standard fee for other types of City records according to the following:
   a. Copies: More than 100 pages (fee per page) $ .10
   b. Copies: Over 2 hours of if redactions are required Lowest department hourly rate
   c. DVD/CD Copy $ .50
   d. DVD/CD Audio Redaction Lowest department hourly rate.

2. If the requestor desires a map or large plat copy, computer tape, computer disc, or similar or analogous record system containing public record information, the City of Caldwell shall charge the City’s costs of copying the information in that form and the standard cost, if any, for selling the same information in the form of a publication.

**Estimated Costs to be Paid in Advance:** For purposes of this subsection, the Records Custodian shall, whenever possible, provide the requestor with an estimate of the actual costs
which will be incurred to locate, segregate and duplicate the City records when the request is for more than 100 pages of paper records, the request includes records from which non-public (exempt) information must be deleted; or the actual labor associated with locating and copying documents for a request exceeds two person hours. [See Appendix “C”]

The Records Custodian shall provide the requesting person with an estimate of the actual costs in writing, and require payment from the requesting person prior to undertaking the obligation to locate, segregate and duplicate such City records. The actual cost estimates shall include the actual labor costs, including benefits, of the lowest paid hourly rate person or persons who will be locating, segregating, and copying such City records within the department. Upon delivery of the requested copy(s) of the requested City records, the Records Custodian shall provide the requesting person with a full accounting of the actual costs incurred by the City, in locating, segregating, and duplicating such City records. The requesting person shall pay the additional actual costs incurred by the City, if any, in excess of the estimated amount paid, or the City shall provide the requesting person a refund if the actual costs in locating, segregating and duplicating the City records do not exceed the estimated costs paid by the requesting person.

1. If copying resources or equipment are not available, the Custodian may elect to have an outside source copy the City records requested and assess the charges of the outside source in addition to the labor costs.

2. As noted above, the City will not charge fees when the requestor demonstrates that the requester’s examination and/or copying of the public records:
   a. Is likely to contribute significantly to the public;
   b. Is not primarily in the individual interest of the requester including, but not limited to, the requester's interest in litigation in which the requester is or may become a party; and
   c. Will not occur if fees are charged because the requester has insufficient financial resources to pay such fees.

3. Sales tax shall be assessed and collected on all copying fees, and the City will provide receipts to all customers.

4. Nothing contained herein shall prevent the City from disclosing statistical information that is descriptive of an identifiable person or persons, unless such disclosure is otherwise prohibited (exempt) from disclosure.

5. The foregoing Fee Schedule may be amended annually in order to reflect the increases in costs to the City.

X

Access to Records about a Person, by the Person (I.C. §74-113)

1. A person may inspect and copy the records of the City of Caldwell pertaining to that person, even if the record is otherwise exempt from public disclosure. Unless the person requesting City records is known personally by the Records Custodian, the Records Custodian shall require the requesting person to provide legal proof of his/her identity.
2. A person may request an amendment of any record pertaining to that person. Such request shall be made in writing. Within ten (10) days of the receipt of the request, a Records Custodian shall either:

a. Make any correction of any portion of the record which the person establishes is not accurate, relevant, or complete; or
b. Inform the person in writing of the refusal to amend in accordance with the request, and the reasons for the refusal. Such notice shall provide the person’s right to appeal the refusal and the time period for doing so. I.C. §74-115-I.C. §74-116.

3. The right to inspect and amend records pertaining to oneself does not include the right to review:

a. Otherwise exempt investigatory records of the City if the investigation is ongoing;
b. Information that is compiled in reasonable anticipation of a civil action or proceeding which is not otherwise discoverable;
c. Material used to screen and test for employment. I.C. §74-106(1).
d. The information relates to adoption records; or
e. Information which is otherwise exempt from disclosure by statute, Court Order or the Idaho Rules of Civil Procedure. I.C. §74-113(3).

XI

Granting the Request

The Records Custodian has the responsibility to read the records requested and determine whether the record or information contained therein is exempt from disclosure. If the public record is not otherwise exempt, then the Records Custodian shall proceed to permit the examination or copying of the record.

It is unlawful for City officials, including employees, to allow or permit the removal of the original City’s records from their immediate presence. The Records Custodian shall maintain such vigilance as is required to prevent the alteration, destruction, or taking of the City record while being examined. This may require a City employee to be in the same room while the records are being examined or copied. Circumstances shall dictate what is reasonable.

Examination of Public Records must be conducted during regular office or working hours, (8:00 a.m. - 5:00 p.m., Monday through Friday), unless the Custodian shall authorize the examination of records in other than regular office or working hours.

Paper Trail: A Request Form should be completed to track the number of requests and time expended in processing the request. The Custodian may not need to have the requesting party fill out the mailing information if the document is to be released immediately; however, the Custodian should still use the form to serve as a record that the request was made. The completed Public Request Form shall then be provided to the City Clerk, along with a copy of the documents actually delivered. If the Records Custodian has any question about whether certain records should be disclosed, the Custodian shall consult with the City Clerk.
XII

Denying the Request in Part

It is important to remember that the Records Custodian only has three (3) working days to process the Request for Public Records.

The Records Custodian must read carefully or listen closely to the entire Request for Public Records. If only a part of the record is exempt from disclosure, then those portions of the record must be redacted (blacked out or deleted) and notice shall be provided to the requesting person that the redacted portions of the record are exempt from disclosure. Where parts of a record may be deleted from the copy given to the person requesting to examine or copy the record, the Custodian is required to make the deletions and give notice as to the basis for the denial/partial denial. In other words, if a public record contains material both exempt and non-exempt from disclosure, the Custodian must, upon receipt of Request for Public Records, separate the exempt from the non-exempt material and make the non-exempt material available for examination. A denial of a request shall not be based upon the fact that exempt material is contained in the same City records as the non-exempt material.

A Partial Denial Letter needs to be completed when portions of the public record (including entire pages of a report) are deleted because they are exempt from disclosure by law.

The Notice of Partial Denial must indicate the statutory authority for the denial, and that the request and response has been reviewed by the City Clerk and the City Attorney (or his/her designee), and clearly indicate the person’s right to appeal and the time periods for doing so. I.C. §74-103 (4); I.C. §74-115; I.C. §74-116.

All denials and partial denials require legal review/consultation. A copy of the response, including a copy of the redacted record or the records that were not disclosed shall be filed with the City Clerk.

XIII

Denial of the Request

If the requested City record is exempt from disclosure, the Custodian shall deny the request to examine or copy said record. Please review I.C. §74-124 and I.C. §74-106 A-H [Appendix A]. If only portions of the records are exempt, then deletions are appropriate. Please review the preceding section XII: “Denying the Request in Part”.

The City records frequently requested by members of the public involve personnel records. The City records are to be released if what is requested is a personnel record of a current or former employee regarding that employee’s public service or employment history, classification, pay grade and step, longevity, gross salary and salary history, status, workplace and employing agency. I.C. §74-106(1). However, the Records Custodian shall not release any other personnel information relating to an employee, including but not limited to information regarding sex, race, marital status, birth date, home address and home telephone number,
applications, testing and scoring materials, grievances, correspondence, and performance evaluations.

The exemptions from disclosure do not preclude the City’s ability to give out statistical information that is not descriptive of an identifiable person or persons.

*All denials and partial denials require legal review/consultation.* A copy of the response, including a copy of the redacted record or the records that were not disclosed shall be filed with the City Clerk.

**XIV**

**Court Proceedings; Attorney Fees and Costs**

In the event the Records Custodian denies a request, regardless of whether the request was denied in whole or in part, the requesting person has the right to institute proceedings in District Court to contest the basis for the denial. I.C. §74-115.

In any such action, the Court shall award reasonable costs and attorney fees to the prevailing party if it finds that the request was frivolously pursued, or that the refusal to provide records was frivolously denied.

**XV**

**Additional Penalty and Immunity**

Idaho Code § 74-117 provides for a civil penalty of up to $1,000, to be assessed against a public employee or official who the Court finds has deliberately and in bad faith improperly refused a legitimate request to inspect or copy a public record. I.C. §74-118 provides immunity for any public official or custodian from liability for any loss or damage based upon the refusal to release, or the release of a City record, if the individual acted in good faith in attempting to comply with the law. Good faith compliance is best demonstrated by consulting with the City Attorney or his/her designee.

b.
